Re: NJDEPE ID-27 Classification Letter
K. Hovnanian Site - Newark, NJ

Dear Mr. Dour:

I have enclosed for your files the NJDEPE classification letter regarding the additional 300 cubic yards of soil located at the above-referenced site. In addition, I have included a copy of the soil sampling results from samples collected of this material. Therefore, this submittal will complete your file regarding the K. Hovnanian site in Newark, NJ.

Should you have any questions or require additional information, please feel free to contact me at your earliest convenience.

Yours truly,

Andrew L. Confortini
